

**ILIA STATE UNIVERSITY**  
**CALL for ACADEMIC STAFF**  
**(Staff Mobility for Teaching)**

A teaching mobility has to comprise a minimum of 8 hours of teaching per week. If the mobility lasts longer than one week, the minimum number of teaching hours for an incomplete week should be proportional to the duration of that week. There might be exceptions for some host universities: If the teaching activity is combined with a training activity during a single period abroad, the minimum number of hours of teaching per week (or any shorter period of stay) is reduced to 4 hours. Training mobility supports professional development through training events abroad (excluding conferences) and periods of job shadowing / observation/training at a partner HEI. Academic staff mobility for training purposes has to comprise a minimum of 4 hours of teaching per week.

*!!! The number of mobility days, as well as the daily and travel allowances, may be adjusted by the host university. Host universities generally fund an additional two travel days; however, some may provide limited or no funding for travel days.*
